SUMMARY

Fast-learning and adaptable Software Engineer with 2 years of academic experience as a Computer Science Teaching Assistant and 3+ years in front-end development, system troubleshooting, and user support. Proficient in designing and optimizing software solutions, enhancing system reliability, and collaborating effectively within cross-functional teams. Experienced in mentoring and supporting recruitment activities, combining strong technical expertise with solid communication and interpersonal skills. Passionate about problem-solving, continuous learning, and delivering high-quality, scalable software solutions.

WORK EXPERIENCE

Freelancing Coach at Elharefa Company **2025 - Present**

- Specializing in training students to develop the technical and personal skills required in the job market.

Teaching Assistant **2023 - Present**
Arab Academy for Science, Technology, and Maritime Transport

- Delivered lectures, tutorials, and practical sessions in Computer Science courses.
- Mentored students on software development projects, particularly in Front-End technologies.
- Organized workshops on modern web development practices.
- Teaching Courses (Object-oriented programming (OOP), digital logic and design (lab), discrete structures, advanced database systems, web programming, designing human-centered software, introduction to computing, introduction to information systems.)

Front-End Developer (Freelance) **2021 – Present**
Self-Employed

- Designed and developed responsive websites using HTML, CSS, JavaScript, and React.
- Collaborated with clients to translate business requirements into intuitive user interfaces.
- Optimized web performance and ensured cross-browser compatibility.
- Managed multiple projects under tight deadlines with a strong focus on client satisfaction

Reasercher At Action Restitution Africa ARA **Feb 2022 - Jan 2024**

- Data entry and creating data sets.
- Creating reports.
- Reviewing other studies.
- web programming.
- Graphic Designer.

EDUCATION

Master Of Compuer Science **Sep 2024 - Present**
School of Computer Science | Arab Academy for Science, Technology and Maritime Transport.

Bachelor of computer science in Computing and information technology **Sep 2019 - Jul 2023**

- School of Computer Science | Arab Academy for Science, Technology and Maritime Transport.
- Graduated with high honors and achieved a GPA of 3.68 / 4.0.

GRADUATION PROJECT
Indoor positioning and localization system based on low-cost LIDAR. This abstract explores indoor positioning and localization using low-cost LiDAR. Despite limitations in range, accuracy, and resolution, algorithms like Hector SLAM can leverage LiDAR data for mapping and pose estimation. Successful implementation requires sensor quality, environment complexity, robot motion, and proper tuning. Low-cost LiDAR enables affordable and practical indoor positioning and localization for robotics and tracking applications.

Courses

- Google IT Support Certificate – Coursera **Mar 2025**
- Introduction to Networking – Cisco Academy **Apr 2025**
- Winter School on Quantum Information and Quantum Computing **Feb 2025**
- AI course (AMIT) **Dec 2024**
- Training Course on Processing Technology of Agricultural and Livestock Products for Developing Countries (China) **Aug 2024 - Sep 2024**
- ACM TRAINING (Online training) **Mar 2022**
- Web Design Trace (ITI, Qena) **Aug 2022**
- Web Design (ITI, Aswan) **Feb 2021**
- Freelancing (Online course) **Feb 2021**
- Mobile Application (YAT) (Online course) **Dec 2020**

ADDITIONAL INFORMATION

- **Technical Skills:** Windows, Linux (basic), IP, DNS, DHCP, TCP/IP, HTML, CSS, JavaScript, React.js, Git, GitHub, Bootstrap, Tailwind, TypeScript, REST APIs, Figma.
- **Soft Skills:** Strong communication and presentation skills, Fast learner and adaptable to new environments, Time management and ability to meet tight deadlines, Problem-solving and critical thinking, Attention to detail and accuracy, Work well under pressure.
- **Languages**: Arabic, English.
- **Awards/Activities:** Web design basic trainer for college newcomers, Member of marketing designer team for AASTMT Aswan branch, Problem-solving Coaching ICPC AAST Aswan community, Normandy ROV Team AASTMT, Head of Media and marketing at GDG student activity, Head of Media and marketing at IEEE student activity.
